 **Civil Construction**

 **Electrical Construction**

SERVICES

- Project Planning and Scheduling
- Cost Estimating
- Constructability Review
- Equipment and Material Procurement
- Site Preparation
- Contract Administration
- Total Project and Construction Management
- Design / Build
- Civil and Electrical Engineering Commissioning and Testing

Renewable Energy Construction

March 2024

State Fund Portfolio | Vacaville, CA

 Solar |  EV Charging |  BESS

10.6 MW distributed generation across 4 sites:
Vacaville, Pleasanton, Redding, Sacramento

Aquamarine | Stratford, CA

 Substation |  Solar

230 kV substation and 250 MW solar

High Desert | Victorville, CA

 Substation

230 kV substation

Goleta Energy Storage | Goleta, CA

 BESS

60 MW BESS project | 44 Tesla Megapacks

Southern California Energy Storage

 BESS |  Substation

537.5 MW/ 2.15 GWh BESS | 198 kV substation
Project across 3 sites

Experts in Civil Construction

Civil construction is an integral part of furthering innovation and accessibility. Our civil construction division focuses on the infrastructure: underground and aboveground. We are experts when it comes to getting your project started on the right foot.

Union Quality Guaranteed We're affiliated with the Laborers' International Union of North America (LIUNA), ensuring that our underground and civil work is performed to the highest industry standards of quality and safety.

LIUNA!

Electrical Engineering

Setting the standard for electrical engineering and construction excellence for more than 35 years. From tenant improvement projects to utility-scale energy storage projects, we leverage our exceptional relationships with vendors, utility representatives, and other key stakeholders to make your project successful.

Union Quality Guaranteed We're affiliated with the International Brotherhood of Electrical Workers (IBEW) and Operative Plasterer's and Cement Masons' International Association (OPCMIA), ensuring that our electrical and concrete work are performed to the highest standards.

Health & Safety Prioritized

The safety of our employees, the public, and other contractors on the job site is essential. Our rigorous approach to safety flows from management to the field. Our experience modification rate (EMR) number of 0.72 demonstrates our commitment to safety excellence.
